Professional Summary

Innovative and detail-oriented Senior Software Engineer with 7+ years of experience in full-stack web development, application architecture, and system integration. Proven track record in delivering high-performance enterprise solutions using PHP (Laravel, CodeIgniter, Slim), React.js, and MySQL. Adept at leading projects end-to-end while ensuring code quality, scalability, and security.

Core Competencies

- PHP Frameworks: Laravel, CodeIgniter, Slim
- Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, jQuery
- Databases: MySQL, PLSQL
- DevOps: Linux Administration, RHCSA/RHCE, Git, CI/CD
- APIs & Integrations: RESTful APIs, Payment Gateways (Razorpay), XML
- Tools: Jira, GitHub

Professional Experience

Senior Software Engineer | Fyntune Solutions Pvt. Ltd. | Aug 2019 – Present | Mumbai, India

- Lead developer for multiple insurance-domain projects including Elephant Broker portal and user management modules.
- Designed and implemented end-to-end web solutions using Laravel, MySQL, and React.js.
- Integrated third-party APIs (payment gateways, policy engines) improving automation efficiency by 30%.
- Mentored junior developers and managed releases, sprints, and client deliverables.
- Enhanced platform scalability and security by introducing optimized architecture and version control best practices.

Software Engineer | Nimap Infotech Pvt. Ltd. | Mar 2019 – Jul 2019 | Mumbai, India

- Worked on large-scale media platforms including CNBCTV18, developing modules for custom campaigns and brand analytics.
- Implemented data-driven solutions using PHP, MySQL, and Big Data tools to enhance content management and user engagement.

Software Engineer | Chkdin Technologies | Dec 2018 – Mar 2019 | Bengaluru, India

- Developed and managed event management and high-risk domain applications from scratch.
- Handled complete lifecycle — backend, frontend, and server management — ensuring seamless deployments.
- Delivered reliable architecture for 'Marriage Tool' and other enterprise modules.

Jr. Software Engineer | Toshniwal Industries Pvt. Ltd. | Dec 2017 – Dec 2018 | Ajmer, India

- Built HRMS and Big Data analytics platforms, automating internal reporting and data visualization.
- Managed front-end, back-end, and DevOps responsibilities for multiple in-house applications.
- Improved deployment efficiency and maintained product stability through effective risk management.

Education

B.Tech – Computer Science & Engineering | Rajasthan Technical University, Kota | 2015 – 2017

Diploma – Computer Science & Engineering | Board of Technical Education, Rajasthan | 2012 – 2015

Certifications

- Red Hat Certified System Administrator (RHCSA)
- Red Hat Certified Engineer (RHCE)

Workshops & Seminars

- Workshop: PHP with MySQL – Aspirevision Tech Education Pvt. Ltd.
- National Seminar: Human Values in Education – Govt. Engineering College, Ajmer.
- Volunteer: Recent Trends and Technology in Information Communication and Computing – TEQIP-II.

Professional Traits

- Strong analytical and troubleshooting skills.
- Effective communicator and collaborative team leader.
- Business-oriented decision maker with a focus on innovation.
- Excellent problem-solving, planning, and execution capabilities.
